This establishment has become the most exclusive place on the island, rooms at outrageous prices, a very demanding clientele and a great service make this corner "the best place to see and be seen."

If you want to have a mojito with Kate Moss or Cristiano Ronaldo, this is your site!

Restaurants "Of All Life"

Es Cupin

Open since 1971, restaurants on the island are those of a lifetime, without pretentious, simple and good value for money. Also enjoy one of the most beautiful enclaves in Migjorn, at the end of the beach next to the mythical Kiosko Bartolo, which we strongly recommend!

Pascual Restaurant

A classic of the island, it is in the interior of Es Cal. It has a beautiful garden, recently renovated and a traditional but innovative menu

Macondo

The best pizza on the island by far, but you always have to queue! The original is in San Ferran and they have a second restaurant in Punta Prima where they do reserve and make it easier to try this exquisite thin-crust pizza.

A mi manera

Curious place, in the middle of the field, with an orchard from which they lettuce for your salads. It is a very special place, on the highway of Cala Saona, for an incredible night!

+34 971 32 29 03

Caminito

An exquisite Argentine restaurant that has been on the island for almost 20 years. With a very large terrace dominated by a pool in the middle, they will make your dinner an experience. The best meat on the island!

Can Pepito

Charming family-run place in the center of Sant Francesc, set in a tastefully decorated interior courtyard. We fall in love with the care and attention to detail in this secret place, where you will find French food and the best gin and tonics on the island.

Tell Raquel, the owner, that you are a Formentera White client and they will have a special detail with you.

Charming Cafes

El Platé

In the square of the small town of San Francesc, in a pedestrian area, is El Platé. Emblematic place, always has an atmosphere and live music, having a wine under its vine is something unique!

Il Gioviale

Cafeteria in the middle of the San Francesc roundabout, the location says nothing, although the place is cute, and the pasta is noisy!

In the Port of La Savina

Café del Lago

In our same building is this restaurant that offers from wonderful breakfasts to excellent dinners. Open all day, with exquisite Mediterranean and Italian cuisine, on your doorstep, you can't lose!

Il Marino

Bar right on the corner of the Port, to have pinchos, and people watch. The busiest place on the island. There is a lot of boat activity but it is entertained!

Kiosks

Bartolo

This is our absolute favorite place on the island! You cannot leave without seeing it. There are four sticks and some chairs, right at the tip of Migjorn, in the place where the water is clearer, a few steps from Calò d'es Morts.

Manoli and Bartolo, along with their children, have run it for more than 30 years and

nothing has changed. You have to ask for a "pomada" (citrus cocktail) and a special house burger. It is perfect to go to eat and spend the afternoon, they also rent hammocks, and above all they treat you phenomenally!

Lucky

Perfect kiosk for the sunset. At KM 8 in Migjorn, full of handsome Italians and people with a march. It goes just for sunset and they have amazing music!

+34 667 21 94 25

Sa Platgeta

A very authentic, simple place, with checkered tablecloths, in the most island wild. Highly recommended to go hippie!
